Over the Wall aim to provide opportunities to reach beyond the boundaries of illness to discover a world of mischief, magic and new possibilities, for every child living with the challenges of serious illness or disability, and for their families.

We do this by providing free of charge, transformative activity camps throughout the UK. We create an environment where children and young people thrive, not just survive.

Over The Wall residential camps offer adaptable, fully individualised care packages for children and young people aged 8 – 17 living with serious health challenges. Our priority is to allow children to be children again in a safe and medically sound environment.
