

Dear Parent/Carer

Cambridgeshire Parent Travel Survey

As you know this year your school is taking part in the **Bike It Cambridgeshire Schools Project** run by Sustrans, the country's leading sustainable transport charity that helps more pupils to be able to cycle, scoot and walk to and from school. The project is funded through Cambridgeshire Road Safety Team.

As part of our work we would be pleased if you could complete the Cambridgeshire Parent Travel Survey. This survey is open to all parents and guardians whose children attend a school in Cambridgeshire. We want to hear your views about how we could get more children travelling sustainably to school in the county. We value parents views, so we are offering one lucky winner a free Micro Scooter. A name will be drawn at random after the closing date (22nd December 2024). If you'd like to be entered into the draw, you can leave your email at the end of the survey.
