

Road Closure Update

Dear Resident,

We are contacting you to advise that highway works will be taking place in the area of Cherry Hinton Road and Airport Way between 27th April and 15th September.

These works are necessary to facilitate the construction of a new junction providing access to Springstead Village and a safer and improved access to Teversham Village. This construction of the new junction will include: associated foot/cycle paths, traffic signals, pedestrian crossings, kerb realignments and carriageway resurfacing.

To facilitate the works, a road closure of this junction into Teversham Village will be required from 27 April – 15 September, Monday to Sunday, 24 hours, along with temporary traffic lights on Airport way/Cherry Hinton road. We hope to complete the works quicker and where possible we may be able to lift the closure early.

We apologise in advance for any inconvenience caused. We have been working closely with the Highway Authority to reduce disruption to the highway network. The decision to close this junction has been taken as the least disruptive option to the overall network and avoids many months of temporary traffic signals that would lead to prolonged disruption for residents and road users. The works have been planned to incorporate the majority of the temporary traffic signals during the school summer holiday period.
