

## Summer Term 1 Term – Year 1/2

Below is a list of activities that will help you consolidate the learning you have been doing at school. You can choose as many or as few of these to do as you like. You can bring in anything you have made or done to show to the class during the last week of term, so have your homework tasks completed by **Monday 20<sup>th</sup> May 2024**.

### Zoom, Zoom Off We Go!

Use junk modelling materials to create your own rocket. Explore different method to attach one item to another, i.e. tabs, slots, split pins.

### Computing

With an adult, use a search engine (e.g. Kiddle) to research facts about space.

### Man on the Moon

Design an alien creature suited for an alien world. Label your alien's body parts and think about how to describe it. What adjectives can you include?

### Is it cold in here?

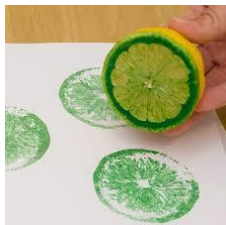

Explore the use of warm and cold colours to create a picture.

Use a medium of your choice (paints, colour pencils, pastels)

### Printing

Create a print picture using fruit and vegetables, or other household items. Explore the different shapes and patterns you can create in your picture.

### Space travel

Find out about the first woman to go into space and make a poster about her. You could always find out about the first British woman to go into space.

### Blast off!

Have a go at this counting game:  
<https://www.topmarks.co.uk/learning-to-count/blast-off>

Ask an adult to help you choose the appropriate level.

### Eyewitness

Do you know anyone who watched the moon landing on the TV? Find an eyewitness and ask them about the event.
