

Out of this World – KS1 Summer term 2

2023-2024

We will kick start Summer 2 with a Citizenship Day, focusing on community, responsibility, and growth. This half term, we will be continuing our space exploration, incorporating visits from Wonderdome and engaging in Space Virtual Reality workshops to enhance our understanding of the universe. These interactive experiences will allow us to explore the wonders of space.

English:

This half term we will be using the story 'Ada Twist Scientist' to create character descriptions.

Phonics lessons will take place daily. In Year 1 the children will be introduced to the **phase 5 sounds**. In Year 2 the children will have their daily spelling sessions. Please remember to login to Spelling Shed using the login in their planner so pupils can practise their weekly spellings before the Quiz each Monday.

We will continue to carry out 3 adult led reading practice sessions a week, focusing on fluency, prosody and comprehension. Your child will then be taking home their reading book to continue to practise on Fridays.

Maths:

In Year 1 we will be exploring place value, counting up to 100. We will learn to recognise the value of coins and notes and count in coins. We will learn songs related to days of the week and months of the year and learn how to tell the time to the nearest half hour.

In Year 2 we will be introduced to statistics and different representations of data for the first time. We will use tally chares to record data. We will then build on our year 1 skills to describe the position of objects using left and right.

RE: This half term we will discuss some of the special places we have visited and talk about how they made us feel. We will be learning about pilgrimages and discuss the importance of the Muslim Hajj.

Computing:

This half term the children will become researchers! We will research a topic safely, effectively and efficiently. We will learn how to share these findings with others through a short presentation.

Science:

This term we have 2 exciting space themed events at school. We will be visited by Wonderdome and a VR science workshop. As part of our eco-curriculum projects, we will create a weather station and create an eco-calendar to monitor changes over the 4 seasons.

Geography:

This half term we will recap the continents of the world, hot and cold places and practice our map making skills.

Thinking and Feeling:

This half term our topic in PSHE is Managing Change. We will talk about the changes we will experience during our life and identify strategies to support us during times of change.

Please Remember:

Logins for Spelling Shed (Y2) are in the back of your child's planner. Please write in the planner every time you listen to your child read at home.

DT: This term we will design and make a model of playground equipment. We will learn different ways to join materials together so that they can stand up by themselves. Please bring in any items of recycling that could be used for junk modelling (boxes, plastic bottles etc.)

Key Dates:

Monday 3rd June – Citizenship Day

Thursday 6th June - Lapland Nature Reserve Trip 9:00-11:30

Friday 7th June - Adriatic and Caribbean Nature Reserve Trip 9:00-11:30

Thursday 13th June – Lapland Class Assembly

Thursday 27th June – Caribbean Class Assembly

Friday 28th June – Adriatic Class Assembly

Please contact us with any questions or comments you may have. We will be available at the classroom door each day, or you can contact us via email at your convenience.
